Position Overview: The Insurance Professional will leverage their expertise in underwriting, reinsurance, and claims operations to ensure our software solutions meet industry standards and address the real-world needs of our clients. The ideal candidate will have a strong background in insurance operations, excellent analytical skills, and the ability to communicate effectively with both technical and non-technical stakeholders.

Key Skills:

1. Expertise in Underwriting, Reinsurance & Claims
2. Strong understanding of insurance principles, regulations, and industry best practices.
3. Experience working with insurance software systems and a strong interest in technology. Knowledge in Smart Policy will be an added advantage.
4. Excellent analytical and problem-solving skills.
5. Strong communication and interpersonal skills, with the ability to work effectively with cross-functional teams.
6. Ability to manage multiple projects and priorities in a fast-paced environment.

Qualifications:

- Bachelor's degree in insurance. Advanced degree or relevant certifications are a plus.
- Minimum of 3 years of experience in the insurance industry, with a focus on underwriting, reinsurance, and claims operations.

What We Offer:

- Competitive salary and benefits package.
- Opportunities for professional growth and development.
- A collaborative and inclusive work environment.
- The chance to work on innovative software solutions that shape the future of the insurance industry.

How to Apply: Interested candidates should send their resume and a cover letter to jobs@itl.co.tz with the subject line "Insurance Professional Application – [Your Name]."
